

THE ARION BAL MASQUE.

One of the most Brilliant and Successful Entertainments

OF THE SEASON GIVEN LAST NIGHT.

The Picturesque and Romantic mingling with the Grotesque in the Costuming—A Night of Unadulterated Joy at the Club House—Some Surprises when they Unmask.

AT THE ARION club house last evening was a "scene of revelry by night." It was ablaze with light and vocal with mirth and music. It has been several seasons since a more joyous and gay assemblage was seen within the Arion's walls, or since a more artistic and picturesque scene was witnessed at a bal masque in Wheeling. By the entertainment of last evening the society has added new laurels to those it has won in the past.

As early as 8 o'clock the carriages were flying about the streets and gathering up the members and guests, and from eight to nine the guests gathered in the parlor, where the reception committee met and made them feel at home.

The costumes were some of them very artistic and picturesque, and some of them grotesque in the extreme. Taken as a whole the array was both striking and pleasing when the merry maskers gathered for the grand march. This was a brilliant and pleasing pageant, one of the most striking ever witnessed in the city, and the passing of the throng won many plaudits from the spectators.

The march was to a lively air by the Opera House orchestra, which furnished the music for the occasion, making that a feature worthy of the affair. At 9 o'clock all those en masque ascended to the hall, and the line was formed for the grand march. The following was the order in which the maskers were arranged for the procession:

The Herald.
Arrangement Committee.
Reception and Order Committee.
Court, Fool, Harlequin, Clown, etc.
Prince Carnival and Bodyguard.
Pierrots, Amazons, Flower Girls, Queens, etc.
German Minnealers and the Singer Arion.
Gypsies.
American Sailors.
Don Quixote and Sancho Panza.
Columbus: Indians and Islanders.
"Die Benda Koomi."
Character Costumes of all kinds.
The German Emperor in Germany.
Socialists, Anarchists, Policemen, etc.

At the conclusion of the grand march the Prince of the Carnival, Herr Jacques Front, reviewed the maskers, and made an opening address, which was received with vociferous applause. Following this was a panorama, "The discovery of the Arion of Wheeling, by Christopher Columbus."

The Prince of the Carnival was clad in pink and white satin with silver trimmings. The members of the committee on arrangements were disguised most thoroughly as Mexicans, while the reception committee wore the garb of courtiers of the seventeenth century, and the floor committee were gotten up elegantly as princes.

Some of the notable costumes were the Misses Lange as Turkish girls, Electrician Seeley as a Court Jester, in yellow and black, Mr. Adam Hess as a Chinese Mandarin. Then there were Irish girls, devils, clowns, peasants, harlequins, dominos, Quakers, gypsies, Chinese, Indians, and a host of six "apophony tentos," who have as much fun as any other dozen maskers, and made more.

There were in all about eighty guests in mask and fully one hundred who enjoyed the carnival as spectators.

Supper was served at a reasonable price, and the tables were in keeping with the high order of everything else pertaining to the bal masque.

The whole affair reflected credit on the society and especially on those members into whose practiced hands the arrangements, the reception and the other work in connection with the ball were given. The committees were made up as follows:

Committee on Arrangements—Louis C. Stifel, J. A. Hess, O. W. Appenzeller, F. C. Schwertfeger, Theo. R. Roller, F. Riester, C. A. Schaefer, Edmund Bockling, Leo. Riester, F. C. Driehorst and Prof. H. M. Schockey.

Committee on Reception—Chris Vieweg, Jr., H. C. Meyer, William C. Kreiter, Chris Floto, Charles R. Goetze, L. A. Rolfe, P. Bonenberger, Thomas Fox, William Buorle and J. J. Lutz.

Floor committee—O. T. Schreiber, F. B. Klievas, H. Holmbrecht, H. Senbriant and O. W. Lehnart.

A Lively Runaway.
One of the Hobbs glass works teams ran off down Main street hill yesterday morning, but was turned aside by a man with an umbrella, and was stopped by a telephone pole in front of Jacobs & Isenberg's store. Nobody was hurt. The team had been standing at the corner of Eleventh and Main streets, not tied up, of course.

"The Limited Mail."
At the Opera House this evening Elmer E. Vance's great sensational and mechanical stage story, "The Limited Mail," will be seen for the first time in Wheeling. Great claims are made for its realistic effects, as well as for its popularity where it has been seen, and if it is what it represents it certainly deserves to have crowded houses everywhere. Railroad, telegraph and sawmill effects combine to produce the

thrills. There is a huge, wicked-looking buzz-saw which eats its way through a log upon which the heroine has fallen in a faint. A novelty is a telegraphic message rendered visible on the wires. This brings down the house, naturally, but it certainly can not be called "realistic." There are other marvels of realism galore, however.

"Evangeline" To-morrow Night.
The attraction at the Opera House to-morrow night will be Alice's "Evangeline." The Ohio State Journal, which is excellent authority on shows, thus notices "Evangeline." It has been a great favorite for years and still maintains its phenomenal hold upon the public without the least signs of dying out. Nothing probably will take the edge off the Lone Fisherman, one of the most humorous and original characters ever contributed to burlesque, and it is doubtful if any music will be written that will surpass in sweetness the pretty airs that for seventeen years have delighted the people in this remarkable production.

Gray & Stephens at the Grand.
A large audience assembled at the Grand last night to welcome Gray & Stephens and their fine dramatic company in the romantic drama "The Old Oaken Bucket." Many new features were introduced since its former production here, and the company is the best that Gray & Stephens have ever brought here. The wonderful acting dogs were special features and made great hits with the audience, while the rest of the company came in for a fair share of the honors of the evening. "The Old Oaken Bucket" will be repeated again this evening, and to-morrow afternoon and evening will be presented the beautiful drama, "Vesper Bells."

Wrecks That Might Have Been Worse.
Special Dispatch to the Intelligencer.
FAIRMONT, W. Va., Feb. 29.—There was a disastrous freight wreck at Barackville, on the Baltimore & Ohio railroad yesterday, caused by a broken axle, and to-day, as passenger train No. 6, due here at 8 a. m., was passing the same point the tender truck broke letting the tender on the track. Fortunately no damage was done to the coaches. All trains were delayed about six hours.

G. W. Hutchinson's Will.
Special Dispatch to the Intelligencer.
PARKERSBURG, W. Va., Feb. 29.—The will of the late G. W. Hutchinson was probated to-day. It leaves property valued at \$100,000 to Alma H. Montgomery, Morgan H. Ash, Jr., Florence Summers, Lena Jones, Georgia Ash, Jennie Laird, Lottie Cole, W. T. Hutchinson, Mary and G. W. Hutchinson, Jr., including "Hutchinson's grove."

BACHELOR HILL
May Become a Benediction Inside the Coming Year.

New York, Feb. 29.—The Times has a dispatch from Washington as follows: "There is a story current that Senator Hill is soon to be married. Originally, the name of the daughter of the late William L. Muller was coupled with his, but this afternoon the senator declared to one who broached the subject to him that the report was absolutely false. Later the story took the form that he was engaged to a rich Albany widow, and that they would be married late in the coming summer. A gentleman who is thought to be in a position to know said this evening that he had every reason to believe that inside of a year Mr. Hill would no longer be in the ranks of the bachelors. Nothing but an actual marriage will ever convince some folks of this."

GRESHAM DON'T KNOW
Whether He Will be the Third Party Candidate or Not.

CHICAGO, Feb. 26.—A special from Cincinnati contains an interview with A. Wright, a member of the national executive board of the Knights of Labor, in which Mr. Wright is reported as saying that the presidential candidate of the third party has already been decided on. The dispatch further states that it is learned that Judge Walter Q. Gresham is the man. Judge Gresham was interviewed by a reporter on his arrival from Indianapolis but would only reply "I don't know," when asked if it was true he was to be the candidate chosen by the third party. He made the same reply when asked if he would accept such a nomination and refused to talk further on the subject.

Two Thousand Cartridges Exploded.
ROCKVILLE, IND., Feb. 29.—Fire yesterday destroyed several small buildings, causing a loss of \$20,000. Among those destroyed was the building occupied by the Rockville light artillery, and a gaiting gun and all equipment were destroyed. There was considerable consternation when two thousand cartridges exploded, but luckily no one was injured.

Terrific Gale in New Jersey.
PLEASANTVILLE, N. J., Feb. 29.—A terrific gale has been raging here for the past twenty-four hours. The wind is from the northeast and is blowing with hurricane force. The meadows between here and Atlantic City are submerged about a foot. The tracks of the Cumberland & Allegheny railroad are under water and the trains are being delayed.

After the Grip Hood's Sarsaparilla will restore your strength and health, and expel every trace of poison from the blood.

Last Excursion to Washington via Baltimore & Ohio Railroad.
On Thursday, March 10th, the B. & O. R. R. will run the last of the series of excursions to Washington which have become so popular during the winter. This excursion will in no wise differ from those which have preceded, and which have given entire satisfaction to the hundreds who have enjoyed them. There will be the same low rate and the same unexcelled train service of passenger coaches and Pullman Parlor or Sleeping Cars heretofore provided.

Washington is more attractive in March, if possible, than during any other month of the year. It is then that the first signs of spring appear in the public squares and parks. Congress is in session. The public buildings, the art galleries and the museums are open to visitors free of charge.

Tickets from Pittsburgh, Wheeling and intermediate points to Martinsburg are valid to Baltimore, and as they are good for ten days ample time is afforded for side trips to Mt. Vernon, Old Point Comfort and other adjacent points. Tickets valid on all trains, whether limited, express or local, going and returning.

Trains leave Wheeling at 6:10 a. m. and 6:10 p. m., and for these two trains only will tickets be sold. Pullman sleeping cars on evening train. Round trip rate \$10.00. Correspondingly low rates from other stations.

AN ANARCHIST PLOT

To Blow Up the Residence of a Paris Society Leader is Almost Successful.

PARIS, Feb. 29.—Tremendous excitement was occasioned in the fashionable Faubourg street Germain by an explosion that occurred at an early hour this morning at the residence of the Princess of Sagan. When the cause of the explosion was learned it was believed by many persons that it was the work of anarchists, who, in their blind desire of revenge against society, had taken this means to destroy the property of one of its prominent members. No other reason is known why the princess should have been signalled as a victim.

It appears that one of the men servants belonging to the princess's household, was sweeping out the doorway when his broom struck two tubes that are supposed to have contained dynamite. The tubes were thrown against one side of the entrance, and instantly there was a flash and a tremendous report. In a moment consternation prevailed in the vicinity. Gen. d'Armes were promptly at the scene and began an investigation of the affair. They expressed it as their opinion that the explosion was due to dynamite that had been placed in the doorway by friends of the anarchists who have been recently arrested. They also believe from the incomplete description given by the man servant of the appearance of the tubes that they were part of the lot of cartridges stolen from the Seine quaries.

The windows of the princess's residence and of a number of the adjoining houses were blown to atoms, but otherwise no damage of consequence was done. The escape of the servant from instant death was almost miraculous.

IN FREE TRADE ENGLAND

A Half Million Men Will Strike Against a Reduction—Of Course the Tariff is Not Responsible!

LONDON, Feb. 29.—It is now estimated that the immense number of 400,000 miners will cease work in a fortnight in their efforts to prevent the masters from putting into effect the scheme to reduce wages. The mining industry throughout Great Britain will be greatly affected, the only miners who stand aloof from the movement being those employed in South Staffordshire and East Worcestershire. Should the present intention of the miners be carried out and the strike inaugurated the branch industries will also be adversely affected, and it is estimated that close upon one million men will feel the effects of the miners' struggle.

The men will stop work on March 12 and will remain idle for two weeks. This action of the miners is due to their desire to restrict the output and thus advance values and afford the masters no ground on which to reduce wages.

A Crazy Man's Death.

LONDON, Feb. 29.—A crazy shoemaker named Revell who resides at Broad-sweeper, near Doncaster, killed his four children yesterday by cutting their throats. He then attempted to kill himself and though he did not inflict wounds that were instantly fatal, he is in a precarious condition.

They Dony It.

PHILADELPHIA, Pa., Feb. 29.—The officials of the Pennsylvania Railroad Company denied this afternoon that the Pennsylvania was in any way interested in the rumored acquisition of the Delaware & Hudson by the New York Central railroad.

Wonderful Gains.

Dr. Miles' Nerve not only cures all nervous diseases, headache, blues, nervous prostration, sleeplessness, neuralgia, St. Vitus dance, fits and hysteria, but also builds up the body. "I am pleased to say that after years of intense suffering with nervous disease, headache and prostration, I tried Dr. Miles' Restorative Nerve, and in two weeks gained eight pounds in weight. I could not lie down to sleep, but now sleep perfectly easy, and am still improving wonderfully. Cannot say enough for the Nerve."—Mrs. L. B. MILLARD, Dunkirk, N. Y. Is highly gratified with Hood's Sarsaparilla. He was badly run down, had no appetite, what he did eat caused distress and he felt tired all the time. A few bottles of Hood's Sarsaparilla effected a marvellous change. The distress in the stomach is entirely gone, he feels like a new man, and can eat anything with old-time relish. For all of which he thanks and cordially recommends Hood's Sarsaparilla.

The following, just received, demonstrates its wonderful blood-purifying powers: "C. I. Hood & Co., Lowell, Mass.: 'Gentlemen: I have had salt rheum for a number of years, and for the past year one of my legs, from the knee down, has been broken out very badly. I took blood medicine for a long time with no good results, and was at one time obliged to walk with crutches. I finally concluded to try Hood's Sarsaparilla, and before I had taken one bottle the improvement was so marked that I continued until I had taken three bottles, and am now better than I have been in years. The inflammation has all left my leg and it is entirely healed. I have had such benefit from

is very important that during the months of March and April the blood should be thoroughly purified and the system be given strength to withstand the debilitating effect of the changing season. For this purpose Hood's Sarsaparilla possesses peculiar merit and it is the Best Spring Medicine.

Away with the wash-board
Use
Pearline

As long wash-board work and what goes taken from it. As you use the old there'll be hard waste. That's with it, and can't be taken from it. That's what it was made for. It's the rub, rub, rub, on it that ruins the clothes. It's the wash-board that wears you out. You don't need it.

Away with wash-day! You don't need that, either. You don't set apart a day for washing the dishes. Wash the clothes in the same way, with no more work, a few at a time.

But you'll have to use Pearline to do it. Pearline only can rid you of wash-board and hard work; with it you can do your washing when you like. And you can do it safely, too. Directions on every package.

Away with the peddlers and prize givers, who say their imitations are "as good as" or "same as" Pearline—IT'S FALSE—Pearline is never peddled and has no equal. Sold by all grocers. 245 JAMES PYLE, New York.
